

## PARC 05

- Please read entire manual before beginning to install
- Use appropriate screws where necessary
- Wear enclosed gloves when handling lamp
- Handle materials with care. Please consult lamp maintenance sheet on our web site

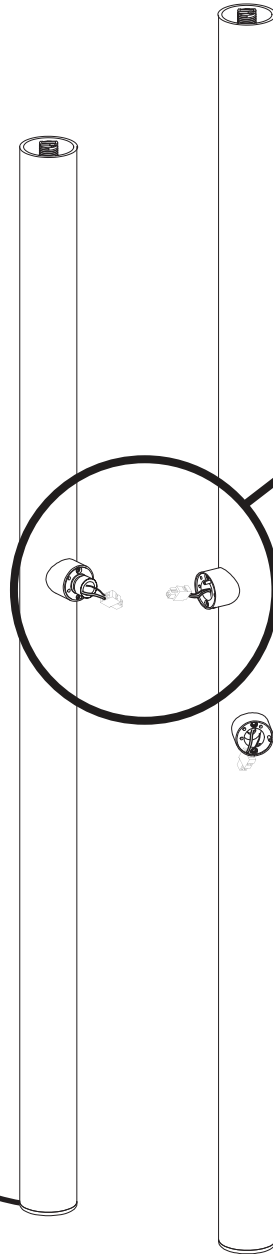

**Wear enclosed gloves when handling lamp, particularly the globe.  
Use 90% alcohol to clean globe.**

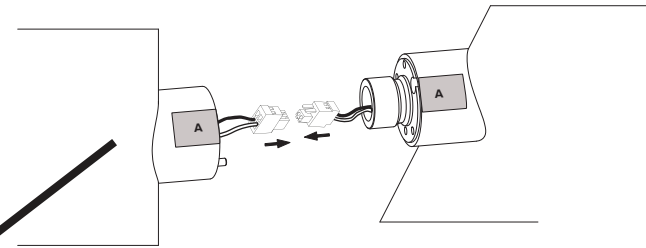

1

Connect the two largest  
arms together.

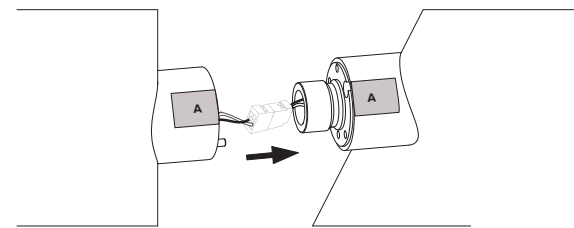

Sockets facing up,  
caps facing down.

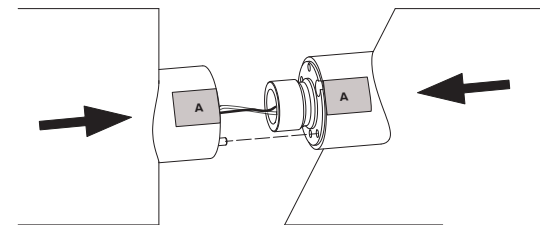

Attach quick-connectors

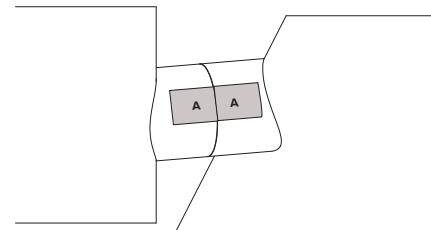

Carefully push quick-connectors into arm.

Align connector pin and  
push arms together

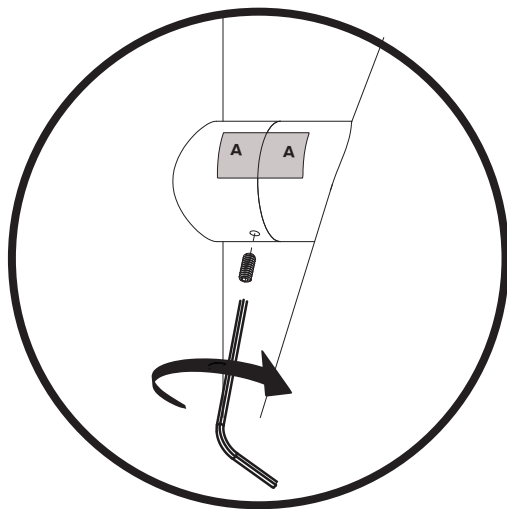

Make sure there are no gaps  
and that the tapes are aligned

**Take care to install luminaire  
on a non abrasive flooring  
surface.**

2

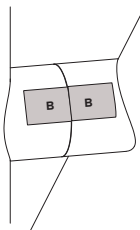

Hold arms tightly together while tightening set screw

\* Screw gently, but firmly

3

Carefully brace the two arms against your body and follow the same steps for the third arm while aligning the **B** tape

4

Retighten first set screw to ensure that it has not loosened while installing third arm. Recheck second set screw.

5

Insert bulbs and globes

Wear enclosed gloves when handling luminaire, particularly the globe.

To clean the globe, ensure the luminaire is disconnected from supply, then use 90% alcohol to clean it.
