# DORVAL 02

Based on SCMP DESIGN OFFICE's original pendant prototype Dorval 01, this collection is layered in history, a subtle interplay between contemporary and vintage industrial design. Drawing equal inspiration from airport runway lights and the classic Motobecane french moped, the result is a light both confrontational and intriguing—one which poses an immediate invitation to play.
type:	task lamp
construction:	powder coated or polished aluminum body, head and base clear prismatic PMMA lens polyester or aluminum cord

specifications:	source: LED array, integrated
	power consumption: 5W
	color temperature: Lamp is set to dim to warm mode
	      (3000K to 2200K)
	      Fix CCT available, refer to touch dimmer
	      control page
	lumen output: 3000K - 402 lm
	colour rendering index: ≥90 CRI
	colour consistency: 3 SDCM
	expected lifetime: ≥50 000h

control:	90-264VAC Plug-in Driver, integrated touch dimmer
cord length:	96" / 244 cm
certifications:	CE ⚡RoHS ⚠ IP20
warranty:	2 years

TOUCH DIMMER CONTROL

GENERAL NOTES

The touch dimmer is located on the end cap of the horizontal arm.
The luminaire is preset to dim-to-warm mode (3000K-2200K). Other options available, refer to programming section below.
When plugging in the luminaire, wait 5 seconds before touching the sensitive end cap.

STANDARD OPERATIONS

1 or 2 touches = Turn ON/OFF

1 constant touch when light is OFF = Light dims up from 0%

1 constant touch when light is ON = Light dims up/down alternatively

3 touches = Turn ON 100%

PROGRAMMING

4 touches = Cycle colour temperature (CCT) value between 2200K-2700K-3000K-3500K-4000K.
Repeat the 4 touches in between each value. Light will blink to indicate it has switched from a value to the other.

5 touches = Set to dim-to-warm mode (3000K to 2200K). Light will blink two times to indicate it has recorded the value.
Repeat the 5 touches to set to dim-to-warm mode (2700K to 2200K). Light will blink two times to indicate it has recorded the value.
