

Parc ATELIER 01

Parc ATELIER 01

This extended Parc model plays with the proportions between the tubes and the globes, allowing for a bolder yet still playful piece, reminiscent of a dancer's legs in mid-air - it fills a room while never overpowering it. The Parc Atelier 01 not only exudes elegance but will truly sing in larger spaces with higher ceilings.

Parc Collection is a collaboration with designer Adrien Rovero.

CONSTRUCTION

- hand blown frosted glass
- powder coated aluminum body
- polyester cord

COLOR

- Beige
